**MR. F. R. SMITH**, who lived here formerly but who has been living lately in Louisville, died in that city Monday. He was a brother of Mr. Job Smith and a cousin of county clerk N. B. Smith, of this city. The remains were buried in the cemetery at Louisville.

**MR. RICHARD FERGUSON**, of this city, as special agent for Mr. C. A. Ray, of Louisville, the State agent for the Gamewell Electric Fire Alarm Company, secured a contract this week with Georgetown for furnishing that city with the Gamewell Fire Alarm system. The cost will be \$1,400.

**MISS TENIE McEWAN'S CASE**, in the Court of Appeals, in which she obtained a verdict against the Louisville & Nashville railroad a year ago for \$18,000 for injuries inflicted by a shot from a drunken negro on the train, returning from Louisville the night of the Fall Celebration, will be called on the argument docket next Tuesday and set for a hearing sometime during the January term.

**MR. JAMES A. SCOTT** returned to the city Saturday after a visit of a week or more in Wayne, West Virginia, where he obtained a verdict of \$6,000 against the Norfolk and Western Railroad Company in favor of Mrs. Ida Higgins, of Carter county, Ky. **SERIOUS CONDITION OF MR. PAYNE**—The many friends of Mr. John W. Payne will be pained to learn that since his return from Louisville last Saturday, where he had an operation performed on him, he has suffered a relapse which has given his condition a serious aspect. His little daughter, Lydia, who has been a sufferer for a few months past with a

peculiar affection of her foot, which, it was supposed had been bitten by a venomous insect in the night, is somewhat improved and able to get about the house.

**FRIENDS** in this city were pained to learn of the death of Mr. T. Leonard Martin, of Owenton, a son of ex-county clerk John B. Martin. He was stricken with paralysis a few months ago and last Sunday sustained a second stroke and died in his room before the family were aware of his condition. The deceased was a clerk in the Auditor's office about 1884 and was a brother of the wife of ex-Lieut. Gov. Bryan, of Covington, and of the wife of Col. Atilla Cox, of Louisville.

**THE SUNDAY OPINION** changed owners last Tuesday. Mr. Fred Samples closed a trade with Mr. J. W. Marksbury, the well-known correspondent of the Louisville and Lexington papers in this city, and took his departure that day for his former home in Owensboro. Mr. Marksbury's training and ability are assurances to the people that they may expect a bright and brimful newsy newspaper and it will only remain for the readers and advertisers to extend to him such encouragement as his efforts will merit.

**MRS. MARY E. LEWIS**, of the Sulphur Well neighborhood, passed peacefully away on Monday morning, at 6 o'clock. She had been in feeble health for more than a year. She was a devout Christian and for many years a member of the Baptist church in Frankfort. She leaves to mourn her loss her husband, Mr. L. C. Lewis, two grown daughters, Misses Lucy and Bettie, two sons, who are yet lads and a large circle of relatives in Owen county, besides many friends in Frankfort. Her remains were laid to rest in the Frankfort cemetery on Wednesday afternoon.

**CIRCUIT COURT**—This court will meet next Monday with Judge Montfort on the bench. As the recent act redistricting the State will be in operation before next February, the next term of this court, this term is the last over which Judge Montfort will preside. His successor will probably be ex-Lieut. Gov. Cantrill, the Democratic nominee in this district. The docket of this term of court contains, among other cases of less importance, one of the cases of the Commonwealth v. James W. Tate's sureties and the case against Ambrose Polsgrove for killing Jerry Williamson on county court day last November.

**THE STREET RAILWAY**—The work of laying the track as far as the cemetery gate has been completed, and the four sixteen foot cars, with double platforms, are in the city awaiting the arrival of the frogs and switches from Johnstown, Penn., from which place they were shipped last week. As soon as these indispensable parts of the track are received the music of the car bells will begin to be heard along the streets of the North and South Sides of the city. Two of the cars are painted red and two green,

**WORLD'S FAIR APPROPRIATION**—President Dulaney, of the Board of Commissioners, wrote to Auditor Norman Wednesday that the Attorney General had rendered an opinion to the effect that the act appropriating the \$100,000 was valid, notwithstanding the Governor had vetoed the Revenue Bill which had been passed in exactly the same manner as the World's Fair Bill, and that he would inclose a draft for \$25,000 which he would request the Auditor to honor at once. The Auditor replied by saying that he refused to draw his warrant on the ground that the Attorney General had instructed him in August last not to pay out a cent of the appropriation until the question of the validity of the act which the Governor himself had raised, be determined by the courts. The Auditor holds that whatever opinions the Governor or Attorney General or anyone else may render on the subject, his bond will have to bear the responsibility of an unlawful payment of the money and it is for that reason he refuses to honor the draft until the matter has been tested in the courts.

**LADY OF THE HOUSE**—Do you still like our Charter Oak Stove as well as when we first got it, Mary?  
**SERVANT**—Oh, every bit as well, Ma'am.  
**LADY OF THE HOUSE**—I am expecting a friend to take dinner with us next week, on purpose to show her how nice our stove cooks everything, and I want you to have a nice dinner for us.  
**SERVANT**—Indeed I will, Ma'am. There's no trouble to cook nice with that stove. The **Wire Gauge Oven Doors** makes it so much easier than other stoves I have been used to, and I have so much more time to make everything just right. Just look at that roll! I never have had luck with bread, biscuits or cake, now.  
**LADY OF THE HOUSE**—Why, how do you explain it?  
**SERVANT**—Well, I don't have to watch everything so close for fear it will burn. You know how careful you have to be with a tank d e start, it is so apt to burn on top before it is baked through. The Charter Oak bakes it perfectly without any danger of burning. And then in toasting a turkey, I don't have to keep basting it every five minutes. It roasts beautifully brown without it, and without drying it up like the tight ovens do. And you know how crisp the biscuits are without being hard and tough. You always praised my biscuits, but if it wasn't for the wire gauge oven door I know they wouldn't be near as nice. I hope I'll never have to cook anywhere again where they haven't got a Charter Oak Stove or Range.

I will have a public Exhibition of Cooking on this wonderful Range, at my Store, No. 209 and 211, St. Clair Street, Wednesday, Thursday and Friday, October, 19, 20 and 21, and I invite all my friends and patrons to be present. JOHN T. BUCKLEY.
